### Description

The new constructed production hall for Perlon (Zhejiang) Co. Ltd is our first project in China. The industrial slab only reinforced with our mesofiber Fibrofor Diamond is covered with a layer of epoxy resin.

### Key advantages of the Fibrofor Diamond solution :

- Cost reduction (shorter construction time, no steel mesh, no mesh installation)
- No risk due to stable quality of the CE-marked Diamond fibers
- No corrosion at the surface, because of synthetic fibers
- Any type of finishing and coating on top is possible
- Tailor made static calculation based on latest standards
